A programme of free training is available through the Local Authority.

#### A4.2.10 Budget setting

The governing body recognises the importance of setting a detailed budget at the start of the year.

The bursar/headteacher will draft a detailed budget for each line of income and expenditure. It is recommended that the budget is re-evaluated each year (as opposed to, say, incremental budgeting) for the Fabrics Committee's consideration.

The bursar/headteacher will include options for increased spending, as set out in the School's Development Plan, and options for cost-cutting measures, where appropriate.

#### A4.2.11 Budget monitoring

The governing body recognises the importance of regular budget monitoring in helping to detect accounting errors and identify, as early as possible, potential under and overspendings.

The headteacher will monitor the budget on a monthly basis by reviewing reports from the school's financial system for:

- errors
- miscodings
- large or unusual items

potential underspendings or overspendings against budget

and act promptly, where appropriate.

#### A4.2.12 Financial administration

The governing body recognises the importance of proper financial administration within the Internal Controls set out in Appendix D to safeguard against inaccuracies, fraud and out of date information being used to make erroneous financial decisions in the school.

The headteacher will monitor the financial administration functions carried out by the bursar, ensuring that:

accounting systems are kept up-to-date

bank reconciliations, imprest claims, etc are completed in accordance with the LA's published timetable

appropriate action is taken where the LA advises the school that its day-to-day administration is not up-to-date

#### A4.2.13 Reporting

The governing body recognises the importance of receiving detailed, accurate and up-to-date financial information to enable it to oversee and control the financial position of the school.

The headteacher/bursar will prepare budget-monitoring reports for consideration by the Finance Committee.

The reports will include for each line of income and expenditure (including standards funds):

the original budget,

changes to the budget,

current budget,

expenditure and commitments to date,

expenditure and commitments to date expressed as a percentage of the current budget

an outturn projection

a variance between outturn and current budget

an explanation for all material variances

details of proposed virements

details of proposals for additional spending or cost-cutting measures

In addition to the reports in the school's financial system, the Local Authority issues spreadsheet and word-processing documents to schools on an annual basis to provide a framework for the preparation of finance plans and budget monitoring reports to governors.

#### A4.2.14 Financial planning

The governing body recognises the importance of financial planning beyond the current year.

The headteacher will prepare a financial plan covering the next five years.

The plan will show the projected numbers on roll and the impact this has on the school's budget share, expenditure and carry forward.

The level of detail shown in the plan will include, as a minimum, the information set out in the County Council's financial planning spreadsheet, which is available to schools each year, free of charge.

The plan will include contingency plans, setting out the school's proposals for dealing with variations including, in particular, changes in the projected number on roll.

The governing body will consider the impact that the medium term finance plan may have upon staffing levels and develop outline plans and strategies for avoiding redundancy costs for future years.

#### A4.2.16 Audit

The governing body recognises the importance of the County Council's audit regime in assessing the adequacy of the school's financial controls.

The governing body and headteacher will ensure that auditors are given access to staff, all relevant records and property, as the auditors consider necessary.

The headteacher will ensure that audit recommendations are implemented as soon as possible where Governors deem it appropriate.

The headteacher will familiarise him/herself with the Financial Procedures and Finance Handbook, which give guidance on best practice, internal controls and statutory requirements.

#### A4.2.17 Annual timetable

The governing body recognises the importance of planning its financial management work throughout the year.

The headteacher will draw up an annual timetable of key events and will submit this annually to the full governing body's last meeting in each financial year.

#### A4.2.18 Review

The governing body recognises the importance of keeping its Finance Policy up-to-date and will review the policy on an annual basis.

### **Authorisation Limits**

The authorisation limits relate to processing and release of purchase orders and invoices. The Finance Policy should clearly state what authorisation levels have been delegated to individuals to process or release purchase orders or invoices.

On Business World On!, the default purchase order release limit for administrators is £1,000. It is possible for this to be increased at the discretion of the Governing Body. For headteachers the default limit is £500,000.

### **Virement policy**

Virements are in year changes between budgets, e.g, £5,000 is moved from contingency to teaching staff.

The Schools virement policy forms part of their Finance Policy. The virement policy should clearly state what financial levels have been delegated to individuals to vire the budget from one budget heading/cost element to another. The virement policy has a similar principle to budget holders for procuring goods/services; placing orders/goods receipting etc. The recommended limit for delegating responsibility for virements to the headteacher is £5,000, although secondary schools may wish to increase this limit. Schools may also choose to allocate virement levels to the Finance Committee and the Bursar.

Any order over £1,000 automatically requires an additional authorisation by the Headteacher on the school accounting system, with a senior teacher acting as the substitute in case of long term absence

**3 Purchase Order raised or Procurement Card used to order goods on Business World.**

Financial orders for goods and services are made by means of purchase orders being produced from the school's accounting computer records, or through the Procurement Card. These are generated by the Bursar from purchase order requisitions that have been duly authorised by the Headteacher.

**4 Goods received and checked against order**

On receipt of goods, delivery notes are checked to the number ordered for quantity by two people
